

Thinking about attending the Reservation Economic Summit (RES) Conference & American Indian Business Trade Fair? If so, why not save on your travel dollars by also attending **Lockheed Martin's** Supplier Information Session (SIS).

RES is the *largest & longest running* Native American business conference & trade fair in the nation. The 24th annual RES 2010 Conference, scheduled for February 21st-24th in Las Vegas, is expected to attract over **3,000 attendees & over 300 trade fair exhibitors** representing tribes, Indian businesses, government agencies & corporations from across the nation.

Lockheed Martin's SIS will be held at the Las Vegas Hilton on February 24, 2010 from 8am – 12 Noon, during the RES conference. During the session you will get key information on Lockheed Martin and its procurement needs and meet with procurement personnel from Lockheed Martin.

If your company has expertise in any of the following areas, please email Orysia Buchan at orysia.d.buchan@lmco.com to request more information and receive an invitation. Companies must have an invitation to attend this session and be a registered RES attendee. See www.ncaied.org for more conference information.
